

## MAINTENANCE FITTER - Liverpool

S Norton & Co Ltd are proud to be one of the country's leading metal recycling companies. Our ethical and innovative approach has secured us two Queen's Awards for industry and enterprise in addition to accredited industry quality standards. We are equal opportunities employers and judge our applicants and employees solely on their ability to do the job.

The role involves keeping equipment and machinery in optimal operational condition. This includes heavy mobile and static plant; excavators, wheel loaders, shears, balers & shredders and other relevant equipment used in the metal recycling industry.

### Key Responsibilities include:

- The diagnosis and resolution of breakdown problems
- To respond rapidly to breakdowns thereby minimising the period of time any equipment is out of action
- To ensure all machinery is maintained to a high standard and capable of operating in line with Company standards
- To comply with all machine operating systems
- To keep accurate records of all machinery on site
- To complete and maintain all documentation on the Company maintenance tracking system
- To make written and/or verbal reports to line managers as required
- To attend progress meetings with line managers as and when required
- To carry out any additional duties that may be reasonably requested from time to time
- To comply with Company policies and procedures as defined in the Employee Manual and the post holder's terms and particulars of employment

### Essential skills:

- Proven track record of working in a comparable role
- The ability to strip down and rebuild hydraulic, mechanical components on heavy machines
- The ability to weld metals of all types including heavy sections & assemblies
- Able to understand technical drawings relating to machinery
- Competent in lifting and slinging
- A working knowledge of diesel engine maintenance
- ONC level qualifications or equivalent
- NVQ Level 3 or above in a relevant subject

Hours of work are 07.45 to 17.00 5 days per week. Weekend and night working will be required from time to time. These positions are outdoor based and require the ability to lift heavy weights.

For the purposes of Health and Safety applicants should have basic literacy and numeracy skills, the ability to read notices and follow instructions.

Excellent hourly rate plus opportunity for overtime.
