

# Mobile Plant Operators - Liverpool

---

S Norton & Co Ltd are proud to be one of the country's leading metal recycling companies.

The role involves the loading and unloading of HGV vehicles, the loading/feeding of shredders, shears and balers and moving of materials into stockpiles. There is also a requirement to load ships as and when required. Depending on your experience and capability, you will be driving various heavy plant including 360 material handlers, wheel loaders etc as used within the metal recycling industry.

Core tasks include:-

- Feeding the shredder, shears and balers as directed and in line with business requirements
- Load and unload materials from heavy goods vehicles
- Load ships in a safe and orderly manner
- Carry out daily machine start-up and shut-down procedures
- Carry out daily machine checks
- Comply with all equipment operating systems

Essential skills:-

- Proven track record of working in a comparable role
- Proven ability of driving heavy mobile plant
- Capable of conducting basic maintenance including, but not exclusive to; greasing, oiling and fuelling of plant
- Driving Licence

Core hours of work are 07.45 to 17.00 Mon-Fri. Weekend and shift working will be required from time to time. This position is outdoor based.

For the purposes of Health and Safety applicants should have a good command of English Language, literacy and numeracy skills, and the ability to read notices and follow instructions.

Please note that S Norton operate a zero-tolerance drug and alcohol policy and successful applicants will be subject to a drug test prior to an offer being made.
