

JOB VACANCY: WELDER FABRICATOR

We have a new job vacancy for welder fabricator to carry out welding and fabrication tasks to support site operations and the Maintenance team. You will be working on heavy static plant such as shears, balers, shredders, conveyor systems, metal sorting equipment, mobile plant and other relevant equipment used within the metal recycling industry.

LOCATION: Liverpool

WORKING HOURS: 43.75 hours per week, 07:45 - 17:00 Monday to Friday.

CONTRACT TYPE: Permanent

KEY RESPONSIBILITIES:

- Carrying out planned and breakdown maintenance on a variety of plant and apparatus
- Fabricating and welding
- TIG, MIG and gas welding
- Checking work and inspecting work
- Ability to work from technical drawings
- Understanding of geometric tolerancing

KEY COMPETENCIES:

- Must be thoroughly familiar with welding equipment such as torches, torch tips, filler rods, flux, hoses, valves, and gas cylinders
- Excellent time management and organisational skills
- Ability to work under pressure using own initiative; managing multiple tasks and meeting deadlines
- Ability to work flexibly
- Clear effective communicator
- Willingness to cross-train and perform the work of other job tasks in addition to the primary assigned position

ESSENTIAL SKILLS

- Minimum NVQ 2 welding qualification
- Proven track record of working in a comparable role
- Solid understanding of MIG/Stick welding equipment and process
- Familiar with a variety of welder concepts, practices, and procedures
- Ability to weld in all positions whilst maintaining high quality and standards
- Ability to read and interpret schematics and PIDS, welding process specifications and welding symbols and/or other printed instructional material in the welding of products or parts
- IT literate with the ability to use a range of packages applicable to the role, including Microsoft Word, Excel, and Outlook (emails)

DESIRABLE SKILLS

- Coded welding would be advantageous
- Experience working on heavy static plant
- Experience with maintenance tasks
